Request for Information - Transporters

Dear Sir or Madam:

On December 5, 1989 you were sent a formal Request for Information in the above matter. To date the Department has not received a response to this inquiry.

The New Jersey Department of Environmental Protection (N.J.D.E.P.) is charged with enforcing the State's environmental pollution control statutes and regulations, including those concerned with the discharge or threatened discharge of hazardous substances to the environment. Pursuant to the authority of N.J.S.A. 13:1D-7, N.J.S.A. 13:1D-9 and N.J.S.A. 26:1A-45 through 49, the Department is empowered to conduct investigations of any operations which may result in pollution of the environment.

Pursuant to N.J.S.A. 13:1E-128c, the N.J.D.E.P. is authorized to deny or revoke the license of a solid waste transporter or a hazardous waste transporter if said licensee refused to comply with a formal request to answer any inquiry or produce information, evidence or testimony. Further, all licensees have a continuing duty under the provisions of N.J.A.C. 7:26-16.7 to provide any assistance or information requested by the Department. Failure to comply with any such request may result in the license of that person being revoked or denied.
